

CA Prop65 CA - Manufacturer Notice of Declaration

Product Number: 6-5-1524-0000 Rev 10

California's Proposition 65, also known as the Safe Drinking Water and Toxic Enforcement Act of 1986, entitles consumers in the state of California to warnings for products that contain chemicals known to cause cancer and or birth defects if exposed to such chemicals above certain threshold levels.

This is to declare that TOPEX complies with this act and, to the best of our knowledge, TOPEX products contain no TSCA PFEAS chemicals/substances that can cause cancer or reproductive toxicity, at levels which would require a warning label under the statute.

The safety and peace of mind of our customers, employees and general public are among our highest priorities.

We hope that this notice of declaration will be to your satisfaction.
